Hey Kent,

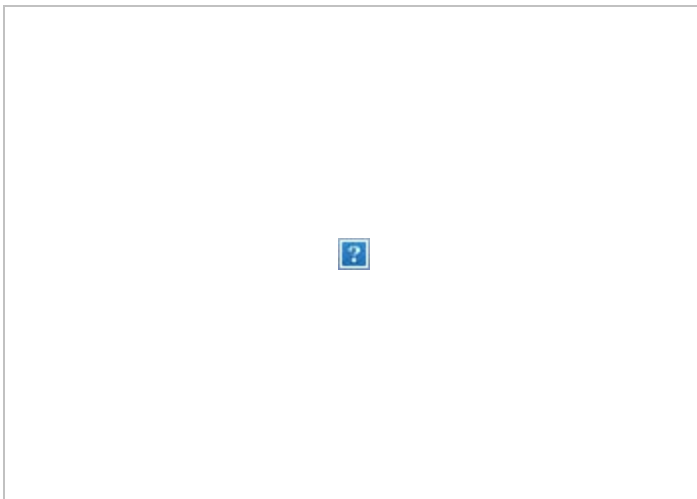

Hope things are well with you at your company

Just thought I'd stay in touch and let you know what we're up to these days. We updated our [RadiantBrands](#) website and now feature some of our latest work and ideas.

We've been doing work for real estate development projects as well as the growing [craft brewing](#) industry, [non-profits](#) and the [Smithsonian](#). I guess when they say follow your passions that's what we're doing here!

Also check out this cool [short movie we did for Brooklyn Basin](#).

If you need anything from us let me know.

Best,

Steven
